"Deserting his post at Pekin, when his chief was engaged in negotiations they were pretending to establish a foreign doubt, a disaster similar to the Tientsin affair for the revision of the Treaty of Tientsin, he not only left the Legation short handed, but all his influence was used to render the negotiations usoless." This is plain speaking, but it is true and justifiable. Indeed, hardly any comments would be too strong to characterise the conduct of those employes of the British Government who have at critical times gone over to the Chinese side : but the astounding part of the business that the British Government should countenance this course and reinstate their officials when they return, after performing acts expressly designed to frustrate foreign interests. SQUEEZES IN THE FOREIGN SETTLE. MENT AT SHANGHAL (N. C. Daily News, Oct. 14th.)

A case showing very clearly the manner in which the Chinese contrive to render augutory trenty stinulations with regard to tariff, even within what might be called foreign supervision and invisdiction, came up at the Mixed Court yesterday. A Chinaman, on Wednesday, stop ped a coolie, belonging to Remé & Co., while carrying a sample piece of habit cloth to a shop in the Muloo, and claimed a tax of Tls. 0.4.6. In vain the coolie represented that the clot was foreign property, the parcel was taken from him, and put in a sort of bonded shop til he should procure a paper to that effect. Mr. Remé at once placed the matter in the hands of the Municipal police, just'y deeming it a flagrant interference with treaty rights. The case was heard before Chen and Dr. Jenkins, the American Assessor; and the inquiry then opened showed a state of things by no means satisfactory. It appeared that the man belonged to the Yang-poo-kung-teo hong. which has bought the privilege of levying taxes on Chincee in the Settlement, and tha there are some fifteen collectors employed in looking after this revenue. Mr. Remé urged that these squeezes were very injurious to the interests of foreigners, and oppressive to the Chinese in the Settlement, who had to pay Municipal texes. In this instance the amount was one half the Customs' tariff. Jenkins entirely agreed that it was imposition on trade never contemplate ed by the Prenty, and that by such practices foreign trade was infored. Mr. Penfold said everything sold by Chinese was similarly tuxed, and had always been as as far as he knew The sums thus raised, went to the hong which had bought the licence from the Taotai to collect them. Chen, said the man had committed a serious offence in baving asked for the impost in a public road and on goods not a Chinaman's, but in itself the tax the proceeds to his own use; and lastly, that he Government again claiming those services, he had falsely represented to Mr. Walker, manager became interpreter to Lord Elgin's mission, a principals of the Yang Poo Kung Teo hong they came to make such a mistake as to stop this cloth on the war, and doubtless they would discharge the man! This, bowever, wil only be an apologetic punishment, for this remain untonched. It was stated that a fresh collector would at once be nut on indeed that the vacancy, created by this man's arrest was filled up the same day. After considerable discussion as to the disposal of the delinquent, Chen left him in the hands of the Municipal Police, in order to facilitate Mr Reme's representations to the Prussian Consul squeeze collector should be delivered over to him, in order that he might be brought before the Taotai, and the lilegality of his occupation be represented: Art. LET US REASON TOGETHER!

Why are you sick? There must be a cause Nature never intended that we should pass, as many do, nearly one-half of our lives in bodily pain. Thus it becomes evident that you have, in some way, broken Nature's laws. Your Sickheidache, your Nervous-headache, your Biliousbeadache, Liver Complaint, Pain in the Side, and up under the Shoulder-blades-your Indigestion, Sour Stomach, Flatnlency, and Heartburn-your Costiveness, Piles, Sickness at the Stomuch-the Pimples, Roughness, and Biotobes, on your face, neck, and arms -all these; and many other troubles and feelings of illness are simply evidences of the fact that you have broken the laws on which Nature bases the bodily ease, comfort, health and strength of the human family; and the chances are as a hundred to one, that unless your system gets terms. prompt sid, your trouble will go on increasing and gradually getting worse, until it is beyond human help. The point of great importance, then, is to obtain the proper remedy-some thing that will cure safely, and not by violent action or corroding influence jeopardize the health it is intended to restore. There is such a medicine-perfectly safe for the weakest and most delicate, yet powerful enough for the strongest-searching out every atom of diseased or deprayed matter, and expelling or neutralising it-giving wonderful tone and strength to the stomach, vigor to the liver, and regularity to the bowels; -need we say that this medicine

It is this wonderful combination of the usefal with the agreeable, that has made MURRAY & LANMAN'S FLORIDA WATER so widely celebrated and so highly prized. In many warm climates, four to six bottles of it are. mixed with the water of each bath, which so invigorates, recoperates, and strongthous the system, that the enervating effects of climate

are thrown off. It is not alone in the richness or delicacy of its fragrance that MURBAY & LANMAN'S FLORIDA WATER equals, and even surpasses, the most expensive of the Eranch and English perfumery, but also in its lasting power. The handkerchief sprinkled with it, is perfumed for weeks, or until it is washed; and, unlike the English and French extracts, time does not deteriorate its fragrance, but rather serves to

refine or spiritualize its exquisite aroma. As a cosmerio it is unequalled, imparting softness, clearness, smoothness, and whiteness to the face, neck, arms; and hands; but as there are counterfeits, it is necessary always to ask for the FLORIDA WATER prepared by LANMAN & KEMP, NEW YORK, who are the sole proprietors of the gennine article.

IMPERIAL QUARTO. english and chinese dictionary. WITH THE PUNTI AND MANDARIN PRONUNCIATION. An Anglo-Chinese Dictionary, by the Rev. W. LOBSOHEID, published at the Daily.

Press Office, Hongkong.

MOR scope and practical service this Work etands unrivalled. All the new words which the Chinese have of late years been compelled to coin to express the numerous objects in machinery, photography, telegraphy, and in science generally, which the rapid advance of, foreign relations has imposed upon them, are here given in entage. Each and every word is fully illustrated and explained, forming evercises for students of a most instructive nature. Both the Court and Panti pronunciations are given, the accerta being carefully marked on the best principle hitherto attained. The typo-graphy displays the success of an attempt to make the Chinese and English type correspond in the size of body, thereby effecting a vast economy of space, achieving a clearness not previously attained, and dispensing with those vast margins and vacant spaces which have heretofore characterized Chinese publications. It comprises upwards of two thousand large quarto pages.
